Load control
Running too many concurrent tasks against the repository may reduce overall performance, and cause I/O timeouts. Control storage device saturation with the following settings:
Limit maximum concurrent tasks to:
4
Limit read and write data rate to:
1
MB/s
Customize repository settings...

Ajouter un poste et déployer l'agent

J'ai voulu terminer le TP chez moi mais ça m'a remis la même erreur du coup j'ai dut réinstaller tout Veeam heureusement j'ai pris un snapshot juste après avoir mis l'iso dans le lecteur DVD virtuel. En le réinstallant Veeam j'ai plus eu de problème. J'aurais du faire ça Vendredi dernier
